BULLETPROOF GLASS WALL

ProTech Securit
Recessed or non-recessed plinths

Ref.: GWR

Ref.: GWNR

BULLETPROOF CERTIFICATIONS
EN 1522 - EN 1523 - FB6/BR6 NS AND FB7/BR7 NS

The ProTech Securit bulletproof Glass Wall is made up of bulletproof elements designed primarily to protect people from an external firearm attack while maintaining the aesthetic aspect of the premises. The glass is bulletproof as well as the joinery which ensures the vertical junction of the glass. Our Glass Wall can also be integrated into existing spaces and help to manage the flow of people.
